Part II. Electronic Filing Waiver Request Due to Undue Hardship

- Undue hardship means excessive, extraordinary, or reasonably insurmountable hardship. Undue hardship will be determined on a case-by-case basis, will be fact-specific, and will be limited to the information provided by the taxpayer. Generalized conclusions will not be sufficient to support a claim of undue hardship. Undue hardship cannot be established by a taxpayer solely on the basis of declaring a general distrust of information technology such as the Internet, electronic communications, or the security of information provided by means of electronic transfer. Undue hardship may be demonstrated by the documented general unavailability of the technology and communications systems necessary for electronic filing and paying. Undue hardship may also be demonstrated on the basis of the substantial financial cost to the taxpayer relative to the amount of the tax owed by the taxpayer for the current tax year.

A. List the tax type(s) for which the waiver to file electronically is requested.

B. List the date you were notified of your obligation to file electronically.

C. State whether you currently pay any bills or meet other financial obligations by electronic means.

D. Describe in detail why filing a tax return electronically will create an undue hardship or; if you have been filing returns electronically with the Tax Division explain how your circumstances have changed so that meeting such obligation would now create an undue hardship. Include a description of any disabilities or conditions that may prevent you from meeting this obligation. (Attach additional sheets if necessary.)
