ADMINISTRATIVE NOTICE 2019-29

TOURISM DEVELOPMENT TAX CREDIT

Notice of Determination of Median Wage for Qualified Professional Services Destination Facilities for the Purposes of the Tourism Development Tax Credit for the Period of January 1, 2020 to December 31, 2020

Pursuant to the statutory requirement of Section 5B-2E-7b(1) of the West Virginia Code, the minimum median wage was set at \$37,000 for twelve-month period of January 1, 2014 to December 31, 2014. The minimum median wage is subject to annual adjustment for inflation. The 2020 inflation adjustment factor is based on the percentage by which the Consumer Price Index (CPI) for calendar year 2019 exceeds the CPI for calendar year 2013. For this purpose, the CPI for any calendar year is the average of the Federal Consumer Price Index for the twelve-month period ending on August 31st of such calendar year. The CPI for 2019 is 254.016 and the CPI for 2013 is 232.018. Based on these figures, the inflation adjustment factor is 1.09481161. The resulting wage was rounded to the next lowest \$50.

Accordingly, for tax years beginning during calendar year 2020; the required minimum median wage for qualified professional services destination facilities for the Tourism Development Tax Credit is forty thousand and five hundred dollars (\$40,500).

A summary of the applicable median wage criteria, by calendar year, for tax years beginning in such years, follows:
